TERMS OF REFERENCE

Date of Publication: 25th November 2024

ORGANIZATION:	United Nations Human Settlements Programme (UN-Habitat) UN Core Values: Integrity, Professionalism, Respect for Diversity
PROJECT:	Pathway to Sustainable, Resilient, and Inclusive development in Jajpur, Vyasaganagar and Panasa Gram Panchayat – Phase 2
FUNCTIONAL TITLE:	Associate Urban Planner
DUTY STATION:	Bhubaneswar/Jajpur, Odisha
DURATION:	3 months with the possibility of extension based on performance
TYPE OF CONTRACT:	UNOPS Local Individual Contractor's Agreement (LICA 8)

Background:

The project - Pathway to Sustainable, Resilient and Inclusive development in Jajpur, Vyasaganagar and Panasa Gram Panchayat, implemented in Jajpur District in Odisha is an ongoing engagement since 2018. Based on evidence-based assessment covering the district and the three jurisdictions with the application of contextualized urban planning framework developed by UN-Habitat, five priority challenges were identified, namely:

- Untapped local heritage and livelihood development potential
- Scattered urban growth
- Inadequate road infrastructure and absence of public transport
- Fragmented blue-green network
- Vulnerable urban health

With the guidance of Jajpur District administration and intensive local-level consultations, UN-Habitat has developed Sustainable City Strategies for three jurisdictions: Jajpur, Panasa GP and Vyasaganagar that address the priority issues in these areas with recommendations encompassing – policy and regulatory amendments, pan-city and area-based actions and interventions for investments on physical, social, and economic infrastructure. Specifically, the approach promotes low carbon footprint, safeguarding the biodiversity and natural assets, augmenting the quality of life of the communities and harnessing the untapped potential of its creative economy.

Jajpur district recognizes the value of leveraging its cultural and natural endowments for sustainable and inclusive development, and has prepared culture-based city-district strategy anchored with a project pipeline for investment over the next 5 years. The comprehensive city-region strategy presents an opportunity to galvanize communities, local government, and private sector to foster formal-informal coalitions for enabling investments in the cultural economy and sharing the dividends across the rural-urban continuum to reduce the regional disparities.

In the second phase of the project to be implemented from 2023 onwards, the focus will be on three components – knowledge, policy, and technical assistance. Through comprehensive activities and outputs

proposed under each component, the project will create a vibrant and sustainable urban environment grounded in harnessing the cultural and heritage capital of the district to achieve the following outcomes:

1. Data-driven spatial urban sustainability assessment informs multi-sectoral territorial challenges and opportunities for development.
2. Low-carbon and ecologically sensitive development pathway guided by sustainable city-district strategies
3. Improved project pipeline for demonstrable on-ground transformations
4. Strengthen local government capacity for evidence-based urban planning and management decision-making.
5. Enhanced network of local governments benefiting from knowledge products on resilient, sustainable, low-carbon development.

Duties and Responsibilities:

Under the overall supervision of the Country Programme Manager, UN-Habitat India, the **Associate Urban Planner** will work under overall guidance of the State Coordinator (Odisha)/Programme Officer, UN-Habitat India and will be responsible to undertake the following activities:

- Assist in preparing the documents for the different steps of project progress, monitoring, and evaluations, in addition to the project visibility tools and presentations;
- Collects and analyzes data to identify trends or patterns and provide insights through graphs, charts, tables and reports using data visualization methods to enable data-driven planning, decision-making, presentation and reporting;
- Conduct rigorous assessment of planning instruments at local and state level applicable to the project area – encompassing bye-laws, regulations, standards and guidelines, using UN-Habitat frameworks contextualized to the project regions;
- Undertake spatial assessments of project sites, encompassing vulnerability mapping, social-economic-environmental profiles using quantitative and qualitative modeling and tools; draft city-region profiles and diagnostics;
- Draft city/city-region strategies, and refine bye-laws and guidelines in accordance with the programme/project deliverables;
- Generates survey initiatives; designs data collection tools; reviews, analyzes and interprets responses, identify problems/issues and prepares conclusions;
- Develops and implements advocacy and proper communication strategies for project communities, which includes a relevant mapping of (and outreach to) key actors. Accordingly create, update and maintain community outreach and engagement plan according to the project's overall workplan; Ensures metrics for trainings are gathered, analyzed and presented;
- Supports training delivery process including scheduling, liaison with national and regional offices, planning and logistics, facilitation team selection and briefing; Assists in delivery of range of trainings, which will be combination of in-person and online sessions; co-manages table-top simulation exercises;
- Organizes and prepares written outputs, e.g. draft background papers, analysis, sections of reports and studies, inputs to publications;
- Provides substantive backstopping to consultative and other meetings, conferences, to include proposing agenda topics, identifying participants, preparation of documents and presentations;
- Participates in large, complex field missions, and supports in planning, logistics including drafting meeting summaries;
- Supports in coordination activities such as workshops, events, and official meetings including the preparation of the agenda, identifying participants, and other required documents;

- Demonstrates timely delivery of outputs in accordance with overall objectives and policies;
- Performs other related duties as required.
